The craftsmanship of pizza meets the lightness of flatbread, all reimagined with a Swiss touch and baked with five different types of flour. Crispy on the outside, fluffy on the inside.

It would be rude not to...

#BÄRGWICH

The heartiness of a burger in the style of a sandwich merged together in an alpine twist.

#RECOMMENDATION

After a day on the slopes, there's nothing better than a Bergidyll Plättli and a cool Uszit Beer. And don't worry about the beer - first, it's isotonic, so great for your muscles, and secondly, Uszit supports the Swiss forests and even a local reforestation project here in the valley (Verein Wald & Klima Ursern). These are two excellent reasons that even justify a second beer.
